

Dear Potential Allegro Sponsor:

As a musician in the Allegro Community Children's Choir, my life has been changed by the power of song. Through the pursuit of choral excellence, I am learning to value and experience the joy of singing while developing essential life skills such as self-confidence, discipline, cultural awareness, responsibility, and a commitment to community service.

Allegro began in 2000 with one choir and 38 singers and has grown to four auditioned choirs with 180 voices representing 62 different schools from the entire Kansas City metro area. Allegro offers a comprehensive music education program for singers in grades 3-12 and provides an unforgettable music experience for both participants and audience members.

Allegro directly impacts our community and our world by providing beautiful concerts each season as well as at least one benefit concert for a charity that impacts children. In the past, Allegro has held benefit concerts to raise funds for Harvester's Food bank, for the construction of a home for a Sri Lankan family after the tsunami, for the New Orleans Children's Chorus in the aftermath of hurricane Katrina, to help meet the needs of patients at Children's Mercy Hospital and for the Kansas City Community Kitchen. More recently, Allegro was able to provide nearly \$2000 worth of music to a needy children's choir in Cesky Krumlov, Czech Republic. Our oldest choir, Allegro con Brio, had the privilege of performing with these children in June, 2008 - the experience was life changing for all!

Patrons and businesses that give a tax deductible donation will have their name or business name listed in up to three concert programs, which have the potential to be viewed by over 2600 concert audience members. Your sponsorship strengthens Allegro's ability to provide the highest quality of choral and character training as well as present performances locally, nationally and internationally. Your gift ensures that every interested and dedicated young singer can experience the rewards of singing regardless of economic or ethnic background.

Please take time to visit our website, www.allegrocc.org, to learn more about our organization. On behalf Allegro, please accept our sincerest thanks.

Respectfully,

Allegro Choir Member
